This is a unique opportunity to experience **Inquiry Method** in a new yet familiar way. The circle is open to those new to the process as well as veterans. Bring whatever life is offering you right now. Whatever you are being faced with is the cutting edge of your growth and development. The magic of Inquiry Method is to turn your challenges into power and awakening.

If you are wondering why Inquiry Method has so much appeal to those who participate, it is simple, every challenge is **opening the portal to a better, fuller life** when we apply the practice to it.

You will benefit from what everyone brings to the group. This will be a **weekend of connection, awakening, and insight**. You will leave energized and ready to re-engage with your life in a new way.

This weekend will feature connection and community. We will share tools and process for healing, connection and transformation. You will have the opportunity to participate, but are not required to share in the group. We will not embarrass you, hurt you or confront you. This is a **high power--no pressure experience**.

We would just love to have you join us.

Only 30 seats available, act quickly!

Tuition for the event: \$550
